(Continued)

<p>Supplementary notes:</p>	<p>(1) As of December 31, 2017, Hangzhou Nanhua Wooden Packaging Co., Ltd., Hangzhou Hangfa Power Generating Equipment Co., Ltd. Hangzhou Nanfang Tongda Gears Co., Ltd., Hangzhou Steam Turbine Engineering Co., Ltd., Hangzhou Steam Turbine Industrial Co., Ltd., China mechanical and Electrical Institute -HSTG (Hangzhou) United Institutes Co., Ltd., Hangzhou Steam Turbine Automobile Sales Service Co., Ltd and Hangzhou Hang Steam Turbine Compressor Co., Ltd are both controlled by Hangzhou Steam Turbine Power Group Co., Ltd (hereinafter referred to as Hangzhou Steam Turbine Group") or have the actual control relationship as "associated person under the same control".</p> <p>(2) In accordance with the Stock Listing Rules, the total amount of related party transactions actually occurred between the company and its associates (Hangzhou Steam Turbine Group and its subsidiaries) under the same control in 2017 is RMB 338.9862 Million , which exceeds the expected amount of 2017-that was RMB 324.113 million, and the exceeding amount accounts for 0.239% of the audited net assets of 2017, which does not require the related review procedures and the fulfillment of disclosure obligation.</p>
<p>Date and index of disclosure</p>	<p>See March 18th 2017, the Related Party Transaction Amount of 2016 and the Estimated Related Party Transaction Amount of 2017 (Announcement No.2017-21)disclosed on cninfo.com.cn.</p>
<p>An explanation by the board of directors for the relatively big difference between the actual occurred amount of daily related transactions and the estimated amount</p>	<p>The reason for the relatively big difference between the estimated amount of daily related party transactions and the actual amount occurred in 2017 is: The amount of daily related party transactions estimated by the company is the upper limit that may occur between the transaction parties, including: the amount expected to occur in a signed contract, the amount of a supplementary agreement that may be signed for a signed contract, and the amount that may be expected to be signed in not-yet-signed contract. The actually occurred amount is determined according to the actual contract amount signed by both parties and the progress of implementation, which has a big uncertainty, resulting in a big difference between the actual occurred amount and the expected amount.</p>
<p>An explanation by the independent directors for the relatively big difference between the actual occurred amount of daily related transactions and the expected</p>	<p>The actual amount of daily related transactions in 2017 is lower than the estimated amount because the daily related transaction amount estimated by the Company is the upper limit of the amount of the</p>

amount	<p>related transaction that may occur between transaction parties. The actual occurred amount is determined according to the actual contract amount signed by both parties and the progress of implementation, which has a big uncertainty, resulting in a big difference between the actual occurred amount and the expected amount. Although the actual amount of occurrence between the company and Hangzhou steam turbine group and its subsidiaries exceeded the expected amount, the excess portion accounted for 0.239% of the audited net assets in 2017, The actual occurred amount does not exceed the expected amount, which is in line with the needs of the actual production and operation of the company and the future development, the transaction is priced according to market principles, fair and reasonable, and does not harm the interests of the company and small-and-medium sized shareholders, which is conducive to the company's sustained and steady development.</p>

IV.Analysis of the contract-performance ability of related parties

The above related parties have formed a stable and efficient business operation mode in the long-term business cooperation relationship with the company since the company was listed,

having strong contract-performance ability. The board of directors reckoned that the above all related parties can fulfill the contract and carry out the related business with the company.

V.The purpose of related transactions and the impact on the listed company

1. The impact of related party transactions on the company

Due to the need to produce and sell the company's products, the company sells some of its products to the related party and entrusts the related party to sell the company's products, accepting the related party service of transportation and packing related to the company's products in the course of sales, and the related party transaction optimizes the allocation of production resources, effectively improves the efficiency of the company's production and operation and is conducive to the main business of the company. The price of related party transactions between the company and the related party is fair and, the transaction does not harm the interests of the company.

2. The procedural legality of the related party transaction

The company has a pricing mechanism of related party transaction for daily related party transactions. All the related transactions are examined by the board of directors of the company in accordance with relevant regulations and are submitted to the shareholders' general meeting of the company for consideration in accordance with the standards. In the course of deliberation, the associated directors and associated shareholders withdraw from the voting, so the procedure is legal.

3.Pricing basis of related party transaction

Where the company and its holding subsidiaries carry out the above related party transaction, the price of related transaction is determined according to the market price and follows the principles of fairness, voluntariness and consensus in the pricing process.

VI.The Consent of independent directors in advance and their opinions

The Consent of independent directors in advance: In the actual background of the company's daily related transactions in 2018, Strictly performing the examination and approval procedures belongs to the normal business needs of the company and will not affect the independence of the company. The transaction price follows the fair and reasonable pricing principle. The above-mentioned daily related transactions are in the interest of the company and all shareholders. There is no harm to the interests of the company's small and medium shareholders. We recognize the above related contents of the daily connected transactions and agree to submit the proposal to the company's board of directors for review.

The Independent Directors' Opinion: The related transactions of the company in relation to daily operations are in line with the company's actual production and operation conditions and future development needs. The transaction is priced according to market principles, fair and reasonable, and does not harm the interests of the company and small and medium shareholders, and is

conducive to the company's continued steady development.

This announcement is hereby made.

The Board of Directors of Hangzhou Steam Turbine Co., Ltd.
