II. INFORMATION ABOUT OPERATING RESULTS AND FINANCIAL POSITION

During the reporting period, the Company achieved operating revenue of RMB9,176,129,995.89, representing an increase of 47.12% as compared to the corresponding period of last year. Accordingly, operating profit amounted to RMB 2,090,668,843.03, representing an increase of 56.02%, and total profit amounted to RMB 2,089,327,430.78, increased by 55.97%, and net profits attributable to shareholders of the Company amounted to RMB1,804,548,688.01, increased by 56.52% as compared to the corresponding period of last year respectively.

The rapid growth attributes to the enhancement of the company's leading position in the market and the advantage in the economies of scale. We have been promoting our management effectiveness and capability of research. Besides, we have been taking advantage of super execution power of the team. As more and more technology is implemented in our product and services, our overall competitiveness both in brand and platform becomes much nominating, accelerating the market shares to concentrate towards the leading player.

Given the overall cold recruitment climate during the reporting period, the company's high growth rate definitely proves our victory against the headwind. The achievement from the period will lay a solid foundation for the business growth resulted from the state policies for stabiling employment in 2020.

We have been undertaking innovations heavily in technology. By establishing intellectual teaching platform based on AI and big data, version 3.0 interactive livestream teaching platform, private-cloud computing teaching platform, and learning analytics engine of new generation, our online education business achieved a growth rate of more than 100%. Obviously, our leading research and overall service capabilities is playing key roles to make the high-speed growth happen.

During the reporting period, the company deepened and accelarated our multi-categories layout in China's vocational education industry. The new plates of degrees improvement and professional abilities trainng have been growing on a particularly strong basis, consolidating the company's economies of scale and competitiveness in growth.

At the end of reporting period, the Company's total assets increased by 38.30% to 9,960,705,427.94, mainly because of the currency cash adding from the business growth and the newly fixed asset investment projects, net assets increased by 16.17% to 3,431,545,903.82, mainly due to the growth of net profit.
