XI Progress Made on Internal Control

According to the risk control work plan in 2020 of China Merchants Port Group Co., Ltd., the tasks shall be completed during the Reporting Period are as follows:

1. Closure of Risk Control Project in 2019

(1) In accordance with the work program for the internal control implementation in 2019, the Company has completed the finishing work of the internal control project in 2019 and formed the evaluation report for 2019. According to the company's defect judgment standards, the report identifies that on the base date of evaluation, the company has no major defects in internal control over financial reporting, and maintains effective in all major aspects in accordance with the specification system and related regulations. There are no major defects in internal control over non-financial reporting. The report has been approved by the board of directors and supervisors and is disclosed in accordance with regulatory requirements.

(2) The Company engaged the Deloitte Touche Tohmatsu Huayong CPAs Firm (LLP) to audit the effectiveness of the internal control of the 2019 financial report, and issued a standard unqualified report, which is disclosed in accordance with regulatory requirements.

(3) In view of the top ten risks in 2020, the Company divided the responsibilities, formulated response strategies and measures for each risk, and followed up the regular prevention and control situation.

(4) The Company disclosed the internal control in the 2019 annual report.

2. Implementation of Risk Control in 2020

(1) Formulation of the 2020 risk control work plan.

In accordance with the overall work objective of "consolidating and deepening the construction of risk control infrastructure and further promoting the integration of risk control and business", we compiled and issued the Requirements for the Implementation of the 2020 Risk Control Work Plan for the CMPort during the reporting period, which clarifies requirements with timetable for key risk

control tasks.

(2) Update and adjustment of the list of risk control work personnel

According to the work adjustments of the staff of the CMPort and the subsidiaries included in the risk control system, the self-assessment leadership team and working group members of company's general risk management and internal control system is updated and adjusted after approval by the company's general manager.

(3) Determination of the scope and the self-assessment process of risk control in 2020

Based on the Company's structural adjustment and changes, the list of 24 units included in the evaluation scope of the internal control system this year, as well as the scope of the internal control self-assessment process of the company's headquarters and subsidiaries are determined during the reporting period.

(4) Development of internal control self-assessment

During the Reporting Period, each unit follows the "Basic Standards for Enterprise Internal Control" and its related guidelines, and conducts sampling test evaluation in accordance with the working procedures and methods for the internal control and risk management. No major defects were found. The quarter brief work report was formed based on the progress.
