

Hangzhou Hirisun Technology Incorporated.
Prompting Announcement on Subsequent Share Trading Matters for B-Share
Shareholders of Hangzhou Turbine Power Group Co., Ltd.

The members of the Board and the Company acknowledge being responsible for the truthfulness, accuracy, and completeness of the announcement. There are no false records, misleading statements, or significant omissions in this announcement.

Important Note:

1. On February 2, 2026, the Shenzhen branch of China Securities Depository and Clearing Corporation Limited completed the allocation of transfer registration restricted accounts for domestic individual investors of the original HTC who either did not have an A-share securities account or did not correctly declare their A-share securities account, as well as for foreign investors engaging in domestic transactions and foreign investors not engaging in domestic transactions. The Company has submitted an application for additional A-share shares to the Shenzhen branch of China Securities Depository and Clearing Corporation Limited and is in the process of handling the share registration procedures. This announcement concerns the original HTC B-share shareholders and does not involve the Company's A-share shareholders.
2. To ensure that the original HTC B-share shareholders can trade the newly listed shares on the first day of the Company's new share listing, the investors (especially domestic individual investors without an A-share securities account or those who have not correctly declared an A-share securities account, the foreign investors engaging in domestic transactions, and foreign investors not trading domestically, who are allocated to transfer registration restricted accounts by

the Shenzhen branch of China Securities Depository and Clearing Corporation Limited) shall promptly contact their custodian broker (or the Zhejiang Branch of CITIC Securities Co., Ltd.) to confirm the Shenzhen A-share securities account used for registering Hirisun shares and subsequent stock trading matters.

Hangzhou Hirisun Technology Incorporated. (hereinafter referred to as the "Company" or "Hirisun") has obtained the approval of the China Securities Regulatory Commission (No. 2141[2025]CSRC Approval) in September 2025 for the share exchange and absorption merger of Hangzhou Turbine Power Group Co., Ltd. (hereinafter referred to as "HTC") namely the related party transaction (hereinafter referred to as the "Transaction" or "the Share Exchange and Absorption Merger"). On February 2, 2026, the Shenzhen Branch of China Securities Depository and Clearing Co., Ltd. completed the allocation of transfer registration restricted accounts for domestic individual investors of the original HTC who either did not have an A-share securities account or did not correctly declare their A-share securities account, as well as for foreign investors engaging in domestic transactions and foreign investors not engaging in domestic transactions. The Company has submitted an application for additional A-share shares to the Shenzhen branch of China Securities Depository and Clearing Corporation Limited and is in the process of handling the share registration procedures. After the completion of this share exchange and absorption merger, the total share capital of the Company is 1,516,604,765 shares. The Company's newly added A-shares will be listed on the Shenzhen Stock Exchange, with the securities abbreviated as "Hirisun" and the stock code "300277".

Due to the large number of original HTC B-share shareholders, the diversity of investor types, securities accounts, and custodian units, as well as varying requirements from different brokerage

firms, some investors (especially domestic individual investors without an A-share securities account or who have not correctly declared their A-share securities account, foreign investors trading domestically, and foreign investors not trading domestically, whose transfer registration accounts are restricted and allocated by the Shenzhen branch of China Securities Depository and Clearing Corporation Limited) may still need to complete relevant procedures such as opening a fund account before they can carry out transactions or transfer custodian. To ensure that investors can normally trade the newly issued shares on the first day of listing, investors shall promptly contact their custodian broker (or the Zhejiang branch of CITIC Securities Co., Ltd.) to confirm the Shenzhen A-share securities account used for registering Hirisun shares and to follow up on subsequent share trading matters.
